

Semicon Penang 2017 successful

2017年4月28日

XYZTEC with ISO Dynamique at Semicon Penang 2017

This week, XYZTEC attended Semicon Penang 2017 together with our distributor ISO-Dynamique Microsystems. The show was busy and generated new inquiries for the market leading **Condor Sigma**.

The Semicon Southeast Asia is an international trade fair for semiconductor technology. The aim of the exhibition is to promote the semiconductor technology through technology, innovation and design. This is achieved by bringing together producers and distributors with researchers and developers. The **Semicon Southeast Asia** takes place annually. The next edition will be in May 2018 in Kuala Lumpur, Malaysia.
