

## XYZTEC workshop at IMAPS UK

2018年4月18日

MicroTech 2018

Last week, **IMAPS-UK** celebrated 50 Years since the foundation of ISHM (The International Society for Hybrid Microelectronics), the forerunner to today's IMAPS at the Royal Holloway University of London. XYZTEC hosted a half day Workshop "Science of bondtesting", by Bob Sykes. The workshop was highly appreciated and sold out. XYZTEC exhibited at the show through its UK distributor **PDP**.

Continuing the events theme "MOORE THAN PACKAGING: 50 Years Gone; 50 Years on", the Annual Conference will bring together experts from across the microelectronics sector to discuss the latest technologies and developments, as well as providing a platform to highlight current commercial opportunities.
