

## Newest Sigma HF High Force bond tester live in action at SMTconnect

7 May 2019

Come and visit us this week at the **SMTconnect** from May 7th until May 9th at the Nuremberg Messe in Germany. At our extended booth in Hall 4A/147 we present the new version of the Sigma HF high force bond tester and a fully automated Sigma bond tester with **magazine handler** for automated lead frame testing.

The SMTconnect is the ideal setting where the electronic production community comes together for sharing ideas. A wide range of highly professional podium discussions, product unveilings and company presentations can be experienced at Europe's leading event for system integration in microelectronics.

### No ticket yet?

[Click here](#) and send a short e-mail including your full name, telephone number and company name. You will receive the corresponding code from us to register for the SMTconnect free of charge.

We look forward to seeing you at our booth!
