

XYZTEC welcomes new sales manager for United States and Canada

2 July 2012

XYZTEC is proud to announce and welcome Tom Haley as the company's Sales Manager for the United States and Canada. Tom will be responsible for sales team leadership, driving revenue, contributing to the service team, as well as general management responsibilities.

He joins the XYZTEC team headquartered in Panningen, The Netherlands. With the addition of Tom, XYZTEC is expanding its US presence to two locations. Tom will be based in our Boston area office and will work in cooperation with our Fremont, CA location.

Tom has been a user and seller of bond test equipment. He has vast experience in the microelectronic world and appreciates problem solving with customers. This is another strategic personnel addition to offer XYZTEC's US and Canadian customers more flexibility and service.

Managing Directors Bas van Tilborg and Aubert Dupont: "After an extensive search, we believe Tom Haley has the right skillset to expand our sales and service activities in the US and Canada." Tom Comments: "With the introduction of the Condor Sigma product line, XYZTEC has raised the bar in the world of bond testing. I am excited to be a part of the XYZTEC team".

XYZTEC is a leading provider of bond test equipment that supports multiple industries from microelectronics to medical applications and everything in between. Incorporated in 2000, XYZTEC has enjoyed substantial growth in Europe and Asia. Through the efforts of our previous Sales Manager, Cynthia Blank, XYZTEC has laid the foundation for our expanding presence in the US and Canada. We are encouraging Cynthia to remain with XYZTEC's Fremont, CA sales team.
