

Visit us at Semicon Taiwan 2012 in Taipei

4 September 2012

SEMICON Taiwan is the premier event in Taiwan for microelectronics manufacturing. As usual, XYZTEC will be present exhibiting the latest innovations in bond testing. Today, we are building up the booths; the show will commence on Wednesday and end on Friday. We are looking forward to meeting you at booth M439 or M538 in the TWTC Nangang Exhibition Hall in Taipei.

Among other products, XYZTEC will be exhibiting the **Condor Sigma**. The Condor Sigma is the most advanced bond tester on the market, combining the unique strengths of the Condor series with the latest technologies and innovations. Whether you need a dedicated or multipurpose bond tester, the Condor Sigma is the best choice.
