

## Market leading Condor Sigma bond tester at TPCA Taiwan

2016年10月31日

Distributor SST at TPCA with Condor

Last week XYZTEC attended the show **TPCA Show 2016** in Taipei (Taiwan) in the Nangang Exhibition Center, together with distributor **Schmidt Scientific Taiwan Ltd.** Visitors had the opportunity to see the market leading **Condor Sigma** and its latest automation features.

The advanced automation capability, proven track record in fully automated 12 inch wafer testing and **high throughput** of the bond tester keep generating a lot of interest among potential customers. Combined with the extensive local support, this is the main reason why XYZTEC's market share in Taiwan has grown to over 70% on an annual basis.

At the TPCA Show you can find PCB, EAssembly, Green Tech, and Thermal Management. The 17th edition of the show held 1,400 booths with over 400 companies' participation. If you missed the show and still would like to see the **Condor Sigma** first hand, please **contact your XYZTEC local distributor**.
